JUNIOR SOFTWARE DEVELOPER

An optimistic attitude, motivated by creating value by using the latest tech. Technical background. Strong ability to take ownership while working within a team to solve technical problems via agile techniques. Tendency to dive deep into subject matter for resolution and greater understanding. Excellent communicator. Currently learning Chinese. Why me? Because my ability to see the whole picture allows me to be a better problem solver, to avoid pitfalls, and to assist others. Your best employee.

PROJECTS

Prismatic Puzzle – Team

February 2004

github.com/Alpha-Code-Collective/prismatic-puzzle

Pushes one's problem-solving skills via a mentally stimulating logic puzzle game. Led team in development.

- **Tech:** Python and Pygame.

Leap the Wall – Solo

December 2023

github.com/Bradley-Hower/leap-the-wall-frontend, github.com/Bradley-Hower/leap-the-wall-backend

Leap the Wall is a keen Baidu search proxy which supports English queries and images, optimized for Chrome. Expands one's ability to do research by opening access to the Chinese search giant.

- **Tech:** Node.js, React, Google Translate API, Serpapi Baidu API, Auth0, Express, and MongoDB.

Rezzies – Solo

September 2023

github.com/Bradley-Hower/rezzies

Rezzies is a collectible, educational digital asset game targeted towards children. Built to optimize engagement, users can explore and learn about prehistoric creatures.

- **Tech:** HTML, CSS, and JavaScript.

Bradley Hower

EXPERIENCE

Lowkey Buzzer, Seattle, WA
Sales Development

March 2024 – July 2024

Worked closely with founder to build the sales partnership infrastructure. Counseled with founders regularly to create strategies to increase sales. Key point of contact for incoming partnership leads.

Key Contributions:

- **Tik Tok Scraper.** Found and put into effect existing Tik Tok Scraper API, generating our leads. Added some extra code to create an aggregated email list and to avoid duplicates.
- **Sales Process.** Spoke with founder at length on the sales process and different strategies which could be implemented.

Credit Union Home Mortgage Solutions, Seattle, WA
Loan Officer Assistant

August 2020 – July 2023

Key point of contact for incoming inquiries from partner credit unions and retail customers. Delivered valuable information on market conditions and clarity on loan product qualification requirements.

Key Contributions:

- **Calculator Development.** Developed multiple complex mortgage finance Excel calculators, which included the use of VLOOKUP, XIRR, and some macro functions.
- **Understanding in Detail.** Read FNMA guidelines in full. Thus, confidently completely covered Loan Officers while they were out of office.

Credit Union Home Mortgage Solutions, Seattle, WA
Loan Servicing Specialist

June 2019 – August 2020

Accurately set up loans, posted payments, and adjusted ledgers. Processed paid-off files and filed loan reconveyances. Maintained and developed customer relations through quality service and outreach plans.

Key Contributions:

- **Debugging.** Identified that the login on the company site was a key source of customer confusion. Corrected site code, completely eliminating the three or so related calls per week we were receiving, and improved customer satisfaction.
- **Data analysis.** Via data mining, identified and resolved critical issues with our ARM loans in service. Results, we were back in compliance and borrowers received refunds due to overpayment.

1st Security Bank of Washington, Mountlake Terrace, WA
Loan Operations Representative

January 2019 – June 2019

Top performer – highest output with the lowest rate of errors. Processed payments, payoffs, and payoff quotes. Balanced and reconciled accounts & ledgers. Uploaded and funded mortgage loans.

Key Contributions:

- **Improved efficiency.** Judiciously organized tasks and processes to maximize output.
- **Quick learning.** With an comprehensive learning process, was able to shortened the training process by two weeks, thus reducing demand on the team lead and management.

Further work history can be provided upon request.
